Very active at 83!

BILL JORDAN is 83 years old. He lives in a small town in Devon, in the south of England. Bill likes Devon. "It has everything," he says, "great beaches, beautiful wildlife, and interesting places to visit."

Every morning at 10 o'clock, Bill bicycles to the beach and goes swimming. Then he bicycles home. Bill does that every day of the year—even in the winter! He usually swims for about 20 minutes in the summer, but in the winter the water is about 10° C, so he swims for about five minutes. In the afternoon, he sometimes visits friends or he goes shopping. He doesn't have a car. He usually goes by bicycle or he walks.

Bill eats healthy food. He goes fishing every weekend and also has a vegetable garden. His favorite dish is fish with vegetables. "I love my life," he says. "I want to live to be 100!"

Was it a vacation?

Last summer my husband, Max, and I went on vacation to the south of France. We took the bus to the airport, but the traffic was awful, so we were late and we missed our plane! We stayed in a hotel at the airport and took the plane the next day. When we arrived in Nice, our luggage wasn't there. It was lost! We didn't have any clothes, so we went shopping. It was very expensive!

The hotel in Nice wasn't very good. The beds weren't comfortable, so we didn't sleep very well. And the food was terrible. On the second evening, Max ate some bad fish and was sick all night. He spent two days in the hospital. We ate in restaurants after that.

There are some beautiful beaches in the south of France. We wanted to sit on the beach and swim in the ocean, but the weather was really awful—it rained and rained!

We had a terrible time! When we got home to Chicago we needed another vacation!

Hi, Michelle!

Thanks for your e-mail. Tomorrow is the last day of my exchange program here at Waseda University. I really enjoyed living in Tokyo and studying Japanese, and I made lots of new friends. Tomorrow evening all the students in my class are going to go out for dinner with our teacher. We're going to eat at a sushi restaurant. I love sushi!

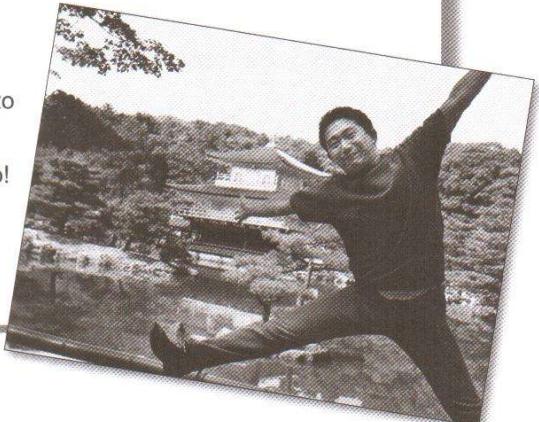

Next week, when the program finishes, I'm going to leave Tokyo. I'm going to travel around Japan for three weeks with my friend Cheng-han. Cheng-han is from Taiwan. We're going to climb Mount Fuji, then we're going to take the train to Osaka. After that we're going to visit Kyushu.

Yesterday I bought my plane ticket back to the US. I'm going to arrive in Minneapolis on July 31st. I'm going to spend August at home with my parents, then I'm going to go back to college in September.

Are you going to be in Minneapolis in August? I hope so!

See you soon.

Dear Janet and Alex,

How are you? We're fine and we're having a wonderful vacation in Majorca. Right now, I'm at the hotel in Palma, the capital city.

Majorca is a really beautiful island and there's a lot to see and do. Our hotel is fantastic—it isn't in the city, it's right next to the beach. When we first arrived we sat on the beach and swam in the ocean all day. It was so relaxing, but poor Tim got a very bad sunburn, then he lost his cell phone on the beach!

We met some very interesting Spanish people, and last night they took us to a great restaurant in the mountains. The food was amazing. There are so many nice places to eat here. Tonight we are going to visit another restaurant with them here in Palma. After that, we're going to go to a nightclub to listen to some Majorcan singers.

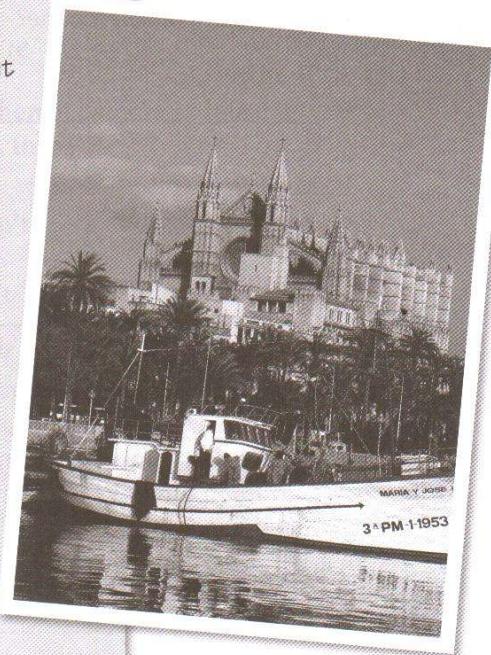

Tomorrow we're going to walk around Palma. There's a beautiful cathedral that we want to visit. Then on the weekend we're going to drive around the island. Did you know that the actors Michael Douglas and Catherine Zeta-Jones have a house here? We want to find it!

Thank you for taking care of our cats. Tim sends his love.

See you soon.

Love,

Sonia
